PROFESSIONAL SUMMARY

Full Stack Developer (MERN & .NET) with 1+ years of experience building scalable web applications using React.js, Node.js, Express.js, MongoDB, and .NET Core. Proficient in TypeScript, JavaScript (ES6+), RESTful APIs, JWT authentication, and responsive design. Strong foundation in Data Structures & Algorithms, Database Design, and Agile development.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, C++, Python, C#, SQL, Java
Frontend: React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, Ant Design, Redux, Responsive Design
Backend: Node.js, Express.js, .NET Web API, .NET Core, RESTful APIs, JWT Authentication
Database & Tools: MongoDB, MySQL, Git, GitHub, Postman, Netlify, TanStack Query
Core Competencies: Data Structures & Algorithms, OOPs, DBMS, Agile/Scrum, Problem Solving

PROFESSIONAL EXPERIENCE

Capsitech IT Services Pvt. Ltd.

Jan 2025 – Dec 2025

Assistant System Engineer (Promoted from Full Stack Intern)

Jodhpur, Rajasthan

- Architected **interactive document tour system** for Compliance Management platform using **React.js**, **TypeScript**, and **Ant Design**, implementing **RESTful API** integration, state management via **Redux**, and **8+ guided workflow components** serving **100+ users**.
- Built **5+ internal tools**, including **Weather Analytics dashboard** (deployed on **Netlify**) and **Task Tracker**, improving operational efficiency by **20%** through optimised UI/UX and responsive design with **React.js** and **Tailwind CSS**.
- Enhanced **Compliance Management System** data integrity by **15%** via **database indexing**, **query optimisation**, and **API performance tuning** in an **Agile** environment with **Git** workflows and code review practices.

PwC-US Launchpad Programme

Feb 2024 – Jun 2024

Software Development Apprentice Trainee

Virtual

- Completed intensive **training** in Responsive Web Design, Java Programming, and DBMS, ranking **top 100 among 1,500+** participants with a score of **92/100**, demonstrating strong problem-solving and technical skills.
- Completed module assignments involving SQL query design and execution, developed frontend code snippets, and implemented Java programs applying OOP concepts, achieving 80% accuracy across all modules.

PROJECTS

Taskify: Full-Stack Task Management Dashboard | *React.js, .NET Core, MongoDB*

Sep – Oct 2025

- Built enterprise-grade **dashboard** supporting 20+ concurrent users, featuring full-text **search**, **multi-column sorting**, and **priority-based filtering** for 100+ tasks with real-time synchronisation.
- Implemented TanStack Query for **server-state management**, reducing API calls by 40%, E-Charts visualisations, file attachments (2MB+), role-based access control (RBAC), and JWT authentication with .NET Core backend.

Role-Based Authentication & User Management System | *Node.js, Express.js, MongoDB, JWT*

Mar – Apr 2025

- Developed full-stack authentication system with RBAC supporting Admin and User roles, implementing secure **JWT-based login**, **session management**, and password encryption with bcrypt for enhanced security.
- Built admin dashboard with CRUD operations for user management (view all users, delete profiles, reset passwords), profile picture uploads, and responsive UI using EJS templating and Tailwind CSS with RESTful API endpoints.

Weather Analytics Dashboard | *React.js, REST APIs, Netlify*

Mar 2025

- Created responsive weather application with real-time API data fetching, location-based search, 5-day forecasts, and dynamic UI updates, deployed on Netlify with continuous deployment integration.

EDUCATION

HIT Haldia (MAKAUT University)

Haldia, West Bengal

Bachelor of Technology (B.Tech) in Computer Science; CGPA: 8.69/10

Sep 2021 – Jul 2025

CERTIFICATIONS

PwC-US Launchpad Software Development Programme – Responsive Web Design, Java, DBMS (2024)

Full Stack Development Training – MERN Stack & .NET Technologies (Capsitech IT Services, 2025)

HONORS & ACHIEVEMENTS

TCS CodeVita Season 12: Achieved Global Rank 7,533 out of 100,000+ participants (2025)

PwC-US Launchpad Programme: Ranked Top 100 among 5,000+ participants with score of 92/100 (2024)

Inter-College Robotics Competition: 1st Place as Team Lead (2023)

Web Development Workshop: Runner-Up in Frontend Development Competition (2022)
